SNBR-107 | Participant MEM report

Study: SNBR
Patient ID: SNBR-107
Patient type: ALS
Age: 62
Sex: M
Stimulated Cortex: R & L
Visit count: 3
Latest visit used for comparisons: 07/10/2025

Visit	Date	Days Since Previous	MEM Files	Tests Present
Visit 1	12/11/2024	N/A	2	RMT50, RMT200, CSP, T-SICI
Visit 2	12/06/2025	212	2	RMT50, RMT200, T-SICI, T-SICF
Visit 3	07/10/2025	117	1	RMT50, RMT200, CSP, T-SICI, T-SICF

Visit rows represent unique visit dates. Same-day MEM files are grouped into one visit, and all extracted tests present that day are listed.

SNBR-107 | Visit timeline

SNBR-107 | Visit summary and tests present

Visit	Date	Days Since Previous	MEM Files	Tests Present
Visit 1	12/11/2024	N/A	2	RMT50, RMT200, CSP, T-SICI
Visit 2	12/06/2025	212	2	RMT50, RMT200, T-SICI, T-SICF
Visit 3	07/10/2025	117	1	RMT50, RMT200, CSP, T-SICI, T-SICF
